In what way a Prevalent Evil may be Shorn of its Power to Harm.

Malaria is a broad name for many diseases—all originating in blood poisoning. Bilious fever, the typhus and typhoid fevers and chills and fever are prominent members of the family. Malaria defies alike the builders, the plumbers and the physicians. Despairing of ordinary treatment, the latter almost unanimously recommend BENSON'S CAPCINE POROUS PLASTER as the greatest anti-malarial specific of the age. These plasters act upon the liver, spleen, bowels and kidneys.

Worn over the region of the liver, and upon the back over the kidneys, they ward off malaria like an armor. No other plasters do this.

When you purchase, satisfy yourself that the word CAPCINE is cut in the center of the plaster.

Holiday Goods

at

Wanamaker's.

One quarter in the store is peculiarly a Holiday quarter, a gift quarter; a place where just a little use is made the vehicle for a great deal of luxury. It is full now; full of wonders; full of pretty things; full of silly things; full of surprises; full of what nobody expects; full of what everybody expects; full, as it has been full near Christmas time before.

Beginning at the very centre of the store, next north are two counters, one of them very large, and one half as large, filled to overflowing with perfumeries and other toilet articles and implements. We positively must not begin to mention names, nor even classes. The only way to get away from these miraculous things is to break away.

Next northwest is a collection of small things that people used to luxury will recognize under the name small leather articles. About the biggest thing there is a portfolio or writing-case. Pocketbooks are the commonest. But such pocketbooks! Oh, yes you can get good substantial pocketbooks there, with not a cent of extravagance in them; but naturally we are thinking of the brighter ones. Leather isn't fine enough. They must enamel it, paint it, deck it out with silk and shining silver and gold. Every year people get worse and worse. Every year they must have stranger and stranger things. Silk, plush, velvet and fur bags are there, with all their pretty and handy and cunning fastenings. But we must hurry on.

Next northwest are writing-papers. Here's room for a treatise. We're not going to stop. But anybody who passes that white-looking island of trade in the sea of people, without finding out what *Wanamaker Best* means, in or out of Holiday time, is a loser. What a glory has a page of pure paper!

Photograph albums are next on northwest; and here the circle widens. Is all that long row photograph albums? Is it possible that so many people didn't buy albums last year, when we brought over a ship-load almost? There's a new set of people this year, may be. At least the photographers haven't gone out of business. At this end are velvet frames; yonder are boxes of leather and plush. You can pay $60 for a box that a touch will spoil. Don't suppose that the things put out to show, even under glass, are the fine ones. Whisper to the saleswoman that your pocket is full of money, and that you are willing to get rid of it.

Brass and bronze! Oh, see the mob of brasses and bronzes. Open your dictionary. The first word you come to has its image there. Preposterous things! Have your wits about you. An artist has studied out every one. The artist is a wag too; for jokes abound; little touches of humor and broad farces. So there is pathos; and beauty everywhere. But shall we presume to discourse of ten thousand things in a shop, each of which was born of Art?

North from centre, all the way to the outer circle.

Everything in Dry Goods, Wearing Apparel, and Housekeeping Appointments sent by mail, express or freight, according to circumstances—subject to return and refund of money if not satisfactory. Catalogue, with details, mailed on application.

A RELIABLE PORT WINE.

Mr. A. Speer, of New Jersey, whose Port Grape Wine has such a wide reputation, and which physicians prescribe so generally, was the first in this country to import the Port Grape vines and to plant vineyards of them and to introduce the art of making wine from the Oporto Grape which is now the best wine to be had, and has become a great favorite among the most fashionable New York and Philadelphia society. The Band Concert.

The entertainment given by the Bloomsburg Cornet Band at the Opera House last Tuesday evening was a success musically as well as financially. The programme contained three pieces by the full band, the overture to the *Caliph of Bagdad*, *Golden Wedding Waltz*, and *Inauguration Galop*, all of which were well rendered. B. F. Yard of Philadelphia sang several songs which seemed to please the audience as he was loudly encored each time. His whistling was quite remarkable, Frank Hower and T. L. Gunton played a cornet duet, Messrs. Brooks, Gunton, Laycock, Geo. Knorr, Prentiss, and N. S. Pursel rendered *Image of the Rose* on brass instruments, Mr. A. V. Bower of Berwick recited *Jim Smiley* and another piece, and did them very well. The Bloomsburg Quartette Club was warmly greeted, as it always is when it appears in public, and sang a couple of their popular pieces. Davis Brooks, the leader of the band played a cornet solo, *Anna Polka*. There was a very pretty duet by Misses Anna Miller and Edith Eshelman, a piano solo by Mr. Geo. Pooler of Berwick, a fine bass solo by Mr. L. S. Wintersteen, a duet for violin and piano by Mr. and Mrs. P. E. Wirt, a quartette for brass instruments by Messrs. Brooks Laycock, Wirtz and Prentis, a character song by Will Melick of Berwick, and a clarinet solo by Harry Eshelman. Encores were freely accorded, and for the most part were well deserved. This first effort of the band at a cornet is a very creditable one, and they will no doubt favor the public with entertainments of a similar character in the future.

ALMOST AS BAD.

What the perplexed Physicians do in Cases of Emergency.

"I'll tell you the honest truth," answered the doctor. "Bright's Disease bothers the medical men almost as badly as cancer does. Having passed a certain stage, both point straight to eternity. It may be unprofessional to let out the secret, but whenever a patient comes to me with Bright's Disease, or any kidney trouble acting like it, I tell him to put on BENSON'S CAPCINE POROUS PLASTER without delay."

The doctor spoke by the card. The Capcine goes right to the spot. If you can be helped, the Capcine will do it. Look out for frauds. Is the word CAPCINE cut in the middle of the plaster? If so, you are all right. Price 25 cents. Seabury & Johnson, Chemists, New York. Highest awards. Dec 1-4 w

Thanksgiving to Christmas.

Twenty business days intervene between these two holidays, and we propose to make them, if possible, the greatest days of all the year for Oak Hall sales. We are thoroughly prepared with Overcoats and Suits for Men of all sizes and Boys of all ages. All that remains is for the people that trade in Philadelphia to believe what we say and come for our goods.

Prices are Extremely Low.

Our goods have been well bought, and most of them cannot be replaced at cost prices. Ours, however, have nothing to do with our selling prices. Prices are made in Oak Hall solely with reference to the cost of reproducing the goods. If we make, it is well, if we lose it is bad; but make or lose, the buyer has the least possible price.

The stock contains, made and making, over 10,000 OVERCOATS; over 200 lines of men's and young men's suits; over 160 lines of suits for large and small boys. The value of this stock was, three months ago, over

One Million Dollars.

It is less now, but still over [illegible] enough for all who will come. Fresh goods [illegible] daily.

A special bargain now [illegible] counters is our

$12.00 Fancy-back [illegible] more Overcoat,

which, however, is only one among a great host of interesting things.

PATENTS

CAN I OBTAIN A PATENT?

Send a rough sketch or (if you can) a model of your invention to GEORGE E. LEMON, Washington, D. C., and a Preliminary Examination will be made of all United States patents of the same class of inventions and you will be advised whether or not a patent can be obtained.

FOR THIS PRELIMINARY EXAMINATION NO CHARGE IS MADE.

What will a Patent Cost?

If upon examination your invention is patentable, send $20 to pay Government Application fee of $15, and $5 for the drawings required by the Government. This is payable when application is made, and in all of the expense unless a patent is allowed. When allowed, the attorney's fee, $25, and the final Government fee of $20 is payable. Thus you know beforehand, for nothing whether you are going to get a patent or not, and no attorney's fee to be charged unless you do get a Patent. An attorney whose fee depends on his success in obtaining a Patent will not advise you that your invention is patentable, unless it really is patentable, so far as his best judgment can aid in determining the question; hence, you can rely on the advice given after a preliminary examination is had. Design Patents and the Registration of Labels, Trade Marks and Reissues secured. Caveats prepared and filed. Applications in reviver of Rejected, Abandoned, or Forfeited Cases made. Very often valuable inventions are rejected in these classes of cases. If you have undertaken to secure your own patent and failed, a skilful handling of the case may lead to success. Send me a written request and forward to the Commissioner of Patents that he recognize Gronard E. Lemon, Esq., of Washington, D. C. as your attorney in the case, giving the title of the invention and about the date of filing your application. An examination and report will cost you nothing. Searches made for little to investigate, in fact any information desired to Patents promptly furnished. Copies of Patents mailed at the regular Government rates, $25 each. Remember this office has been in successful operation since 1865, and you therefore reap the benefits of experience, besides reference can be given to actual clients in almost every county in the U. S. Pamphlet relating to Patents free upon request.
